Veritas Christi Classical Academy desires to provide the best education possible for students who are admitted. Due to staffing, funding, and facility limitations, some children are not admitted because the academy cannot adequately provide for their learning needs. The nature of the academy curriculum necessitates those children who have been diagnosed with learning differences must be able to meet the same academic standards as all other children in their grade level. Children with physical/motor limitations who may require special provisions will be considered for admission on a case-by-case basis.

Give a brief medical history of applicant, identifying any serious illnesses or injuries of which the academy should be aware. List any emotional or medical treatments, or physical handicaps which may affect student's activities.

Describe how your child usually responds to your discipline.

Is there anything else of which we should be aware to help us know your child better?

In what ways do you incorporate your faith in your family's daily activities?
Thinking ahead to your child's graduation at Veritas Christi Classical Academy, what would be your greatest hopes for how this academy has influenced your child?
